

# ENERGY INTELLIGENCE PREMIUM

Curated news and analysis on the issues shaping the global energy landscape

Track and understand key developments across the global energy markets, with our highly focused news, incisive analysis and differentiated insights. Energy Intelligence Premium helps clients understand what's moving the energy markets, with our daily high-level overview of essential news and our weekly deep-dive memo on emerging trends.

## WHY CHOOSE ENERGY INTELLIGENCE PREMIUM?

1. **Our actionable intelligence**, which is based on a wide range of primary sources, helps clients closely monitor key developments across the global energy landscape and make informed business decisions
2. **Our ability to identify emerging trends** – such as the falling costs of critical low-carbon technologies, fundamental shifts in Middle East geopolitics, and the emergence of a more flexible global LNG market – often before they become mainstream, helps clients anticipate changing customer demands
3. **Our status as an official Opec Secondary Source** for monthly crude production volumes, gives clients added confidence when using our reporting and analysis
4. **Our global, collaborative approach** reveals market drivers and risks from across the energy value chain by delivering an integrated view of oil markets, LNG, competitive intelligence, risk and energy transition

*“Energy Intelligence Premium helps you safeguard your most precious asset – time. Our daily email alerts monitor risks and opportunities as they emerge, and our weekly analytical memo breaks down the most important strategic themes facing the energy industry.”*

Alex Martinos  
Editor, Energy Intelligence Premium
